

Freedom of Information (Scotland) Act 2002

Guide to information published by Glasgow Kelvin College under the Model Publication Scheme 2013

Introduction

The Freedom of Information (Scotland) Act 2002 (FOISA) provides individuals with a right of access to all recorded information held by Glasgow Kelvin College. Anyone can use this right, and information can only be withheld where FOISA expressly permits it.

FOISA requires Glasgow Kelvin College to adopt and maintain a **publication scheme**, and to publish information in accordance with that scheme¹. A publication scheme is a document which describes the information the college publishes, tells the public where to find it, and whether there is a charge for it. When deciding what it will publish, a college must consider the public interest in information about²:

- its services, the cost of providing services, and the standards attained by those services
- the facts or analyses, on the basis of which it has made decisions of importance to the public
- the reasons for the decisions it has made.

The Act also allows the Scottish Information Commissioner to prepare model publication schemes which can be adopted by a group of authorities³. The Commissioner has developed the Model Publication Scheme 2013 ('MPS'), which is suitable for adoption by all public authorities, including Scottish colleges.

Glasgow Kelvin College has adopted the Scottish Information Commissioner's MPS in its entirety, without amendment. This means that we are committed to publishing all the information we hold, which is described by the classes in the MPS. ⁴

Our Guide to Information

This document is the **Guide to Information** which Glasgow Kelvin College makes available under the classes described in the MPS. It:

- allows the public to see what information is available in relation to each class
- states what charges may be applied
- explains how to find the information easily
- provides contact details for enquiries and to get help with accessing the information
- explains how to request information that has not been published.

¹ See section 23 of FOISA.

² See section 23(3) of FOISA.

³ See section 24 of FOISA.

⁴ The Scottish Information Commissioner requires to be notified of any changes to the legal status of an authority

Alongside FOISA, the Environmental Information (Scotland) Regulations 2004 (the EIRs) provides a separate right of access to the environmental information that we hold. The MPS also covers environmental information.

About the Model Publication Scheme

The MPS set out eight broad classes of information, and by adopting it, Glasgow Kelvin College is committing to publishing everything that it holds which falls into the broad description given for each class. The MPS classes are:

- Class 1: About the authority
- Class 2: How we deliver our functions and services
- Class 3: How we take decisions and what we have decided
- Class 4: What we spend and how we spend it
- Class 5: How we manage our human, physical and information resources
- Class 6: How we procure goods and services from external providers
- Class 7: How we are performing
- Class 8: Our commercial publications
- Class 9: Open Data

The MPS also describes the standards for e.g. copyright, charging, availability and formats, which an authority is committing to when it adopts the MPS – while this Guide sets out the specific arrangements we have made at Glasgow Kelvin College.

Exempt information

If a document we publish contains information that is exempt under Scotland's freedom of information laws (for example sensitive personal information or a trade secret), we may remove or black out the information before publication but we will explain why. Note that information will only be withheld, however, where FOISA (or, in the case of environmental information, the EIRs) expressly permits it. If you wish to complain about any information which has been withheld from you, contact Lisa Clark – Director of Estates and Corporate Services by email at **foi@glasgowkelvin.ac.uk**, or telephone 0141 630 5000 or in writing at Glasgow Kelvin College, 123 Flemington Street, Springburn, Glasgow, G21 4TD.

Charges

This section explains when we may make a charge for our publications and how any charge will be calculated. There is no charge to view information on our website or at our premises.

We will not normally charge for providing information to you. In some circumstances, e.g. for large documents we may charge for photocopying and postage, but we will charge you no more than it actually costs us to do so. We will always tell you what the cost is before providing the information to you.

Our photocopying charge per sheet of paper is shown in the tables below:

Black and white photocopying

Size of paper	Pence per sheet of paper
A1	n/a
A2	n/a
A3	20 pence
A4	10 pence
A5	5 pence

Colour photocopying

Size of paper	Pence per sheet of paper

When providing copies of pre-printed publications, we will charge no more than the cost per copy of the total print run. We do not pass any other costs on to you in relation to our published information.

This charging schedule does not apply to our commercial publications (see Class 8 below). These items are offered for sale through retail outlets such as book shops, academic journal websites or museum shops and their price reflects a 'market value' which may include the cost of producing the information.

How to access information which is not available under this MPS

Should you wish to request a copy of any information that we hold that is not available under the MPS, please email Lisa Clark – Director of Estates and Corporate Services by email at **foi@glasgowkelvin.ac.uk**, or telephone 0141 630 5000 or in writing at Glasgow Kelvin College, 123 Flemington Street, Springburn, Glasgow, G21 4TD.

Charges for information not available under the MPS:

If you submit a request to us for information which **is not** available under the MPS the charges will be based on the following calculations:

General information requests:

- There will be no charge for information requests which cost us £100 or less to process.
- Where information costs between £100 and £600 to provide you may be asked to pay 10% of the cost. That is, if you were to ask for information that cost us £600 to provide, you would be asked to pay £50, calculated on the basis of a waiver for the first £100 and 10% of the remaining £500.
- We are not obliged to respond to requests which will cost us over £600 to process.
- In calculating any fee, staff time will be calculated at actual cost per staff member hourly salary rate to a maximum of £15 per person per hour.
- We do not charge for the time used to determine whether we hold the information requested, nor for the time it takes to decide whether the information can be released. However charges may be made for locating, retrieving and providing information to you.
- In the event that we decide to impose a charge we will issue you with notification of the charge (a fees notice) and how it has been calculated. You will have three months from the date of issue of the fees notice in which to decide whether to pay the charge. The information will be provided to you on payment of the charge. If you decide not to proceed with the request there will be no charge to you.

Charges for environmental information:

We do not charge for the time spent to determine whether we hold the information requested, nor for the time it takes to decide whether the information can be released. However, charges may be made for locating, retrieving and providing information to you.

In the event that we decide to impose a charge we will issue you with notification of the charge (a fees notice) and how it has been calculated. You will have 60 working days from the date of issue of the fees notice in which to decide whether to pay the charge. The information will be provided to you on payment of the charge. If you decide not to proceed with the request there will be no charge to you.

Charges are calculated on the basis of the actual cost to the authority of providing the information.

- Photocopying, where this is being charged for, is charged at 10p per A4 sheet for black and white copying, 30p per A4 sheet for colour copying.
- Postage is charged at actual rate for first class mail.
- Staff time is calculated at actual cost per staff member hourly salary rate to a maximum of £15 per person per hour.

Publication Timescale

In some of the Classes covered by the MPS, information is not published until it is formally approved, a process which may take some time after its initial creation in draft form. This applies especially to minutes of meetings, which are normally not available until approved by the next meeting in the sequence. The relevant timescales are published in the same locations and in the same form that the information will ultimately be published.
