Dear Janie

Many thanks for your letter of 4 September 2020 in reply to my letter of 1 September 2020.

As I indicated in my original letter the Board of Glasgow Kelvin College (GKC) fully appreciates and understands the role and responsibilities of Glasgow Colleges' Regional Board (GCRB) and have never suggested nor implied that GCRB has acted outwith its legislative and governance responsibility.

While the Board have, of course, to accept the decision reached by GCRB, I have to inform you that we still disagree with this decision and do not accept any of the reasons you give as a way of justification.

However, having said that, there seems little point in continuing correspondence on this matter as that would not achieve anything and clearly our respective Boards will have to agree to disagree.

All the Board of GKC would ask is that in the future, GCRB, when allocating funds specifically to address poverty, considers appropriate measures of poverty which are relevant to the Glasgow Region in reaching their decisions.

Regards
