Step 1 – Identification and Scope

Brief description of the decision, policy or practice being assessed

The purpose of the ICT Acceptable Use Policy is to outline the acceptable (and prohibited) use of College computer equipment and network access. Inappropriate use exposes the College to risks including virus attacks, compromise of network systems and services, and legal issues. The Policy was introduced in 2013 after merger and has been reviewed in accordance with the Policy review schedule. This is the revised EIA for the review conducted in 2018.

Aims of the decision, policy or practice?

The Policy addresses the need to protect the College and its Users' data, balanced with the need to protect the rights of learners, staff and partners. The Policy is intended to Users and the College as a whole from illegal or damaging actions by individuals, either knowingly or unknowingly. The inappropriate use of the Policy will be managed in accordance with the College's policies and procedures and reported to external bodies when appropriate.

The policy has been amended to ensure compliance with the GDPR, Cyber Essential Plus accreditation and supporting procedures, policies and practices.

Who is affected by the decision, policy or practice?

- Students
- Staff
- Members of the public/Stakeholders

Research Key Findings

The initial drafting of the policy in 2013 considered a number of key documents which outlined the legislation and best practice. A framework document was produced at that time based on the requirements of the College, the legislation, the documents outlined above and a range of best practices, internal and external. The aim is to reflect the College's established culture of openness, trust and integrity whilst protecting users and the College.

The review and revision of the policy was a result of the agreed Policy review schedule

The Head of ICT submitted a draft to the ICT Advisory Committee which included a member of Academic Staff, Support Staff, Information Services, Management and the Student Union. Once the changes were confirmed it was sent to all members of the ICT Committee, the SMT and the Board of Management for comment.

The policy considers legislation such as GDPR, Cyber Essentials Plus and the Scottish Government's Cyber Resilience Strategy.

The Policy will be monitored and evaluated on an annual basis. The policy will be further reviewed and revised every three years or earlier if required as a consequence of legislative or operational requirements.

During the consultation period a number of changes were made to the policy including the removal of wording that no longer reflected the College's needs or approach. The interests of staff and learners across the protected characteristics were represented by members of the ICT Committee which includes representatives for learners, staff and partners.

Is there any evidence that different groups have, or may have, different needs, experiences and priorities in relation to this policy or practice?

Step 4 – Taking Action

Detail the actions you would take to remove or minimise any actual or potential negative impacts identified, and to build positive impacts.

Policy issued to all existing staff to raise awareness;
 Policy issued to all new staff and learners as part of induction process;
 Policy available on the intranet and internet;
 Users are required to confirm their acceptance of the policy before logging on to a networked College system or the 'Bring Your Own Device' WiFi system;
 Training for managers in managing disciplinary matters which arise associated with the implementation of the policy;
 Monitoring and reporting of policy application to the Board of Management, Teaching and Learning Committee and HR Committee;
 ICT Advisory Committee in place; and
 External guidance through Janet.

Step 5 – Monitoring and Evaluation

Identify how this policy will be monitored and any areas of concern reported.

Monitoring and evaluation:

- Informal discussions with staff and managers;
- Formal consultation with staff, managers and Trade Union representatives;
- Staff surveys; and
- Any recorded incidents, complaints or disciplinary matters.

Please present your EIA with recommendations for endorsement. All EIAs will be published on the Portal and added to the current record of EIAs.
